

Learn Swedish relaxed and fun at KREATIV PEDAGOGIK!

Start with a free trial lesson and consultation!

My name is Staffan Burling and I have more than 40 years of experience in helping people learn Swedish. Over the years I have helped thousands of people. My students have been from pure beginners to advanced language users.

I adapt my teaching to the student's circumstances.

My belief is that learning should be fun. Then you learn easier and the journey becomes enjoyable.

I can help you with this:

- **Individual counselling online.** I offer you a free trial lesson with consultation for 30 minutes on Skype or Zoom, without any binding.

- **A study plan.** We chart your current knowledge and what goals you have with the development of the language. Then I set up an individual, tailor-made, plan for how we will reach your goal, and how it will be most rewarding for you.

- **Individual lessons.** We meet online at times that suit you.

When the situation permits, I also offer physical meetings where we work together according to your study plan. (Applies to the City of Stockholm)

- **Exercise assignments.** Based on your study plan and our meetings, I email materials and information to work on to the next lesson, when we can practice at these lessons.

- **Text review.** The texts you send me, I return with corrections, comments, and study councils.

- **Group lessons.** At regular times every week, I hold group lessons where you and other students get practice talking and pronouncing. (Assuming I have 4 students at the moment)

- **Learning contacts.** If you wish, I arrange contact with another student, for meetings at e.g. Skype, to practice the language orally without my participation
